

Supplementary Certification for Mink Skins/Furs Requiring NO Certification for Entry into the European Union but intended for Further Export from Denmark to the Russian Federation

Danish importers often U.S. mink skins/furs imported from the United States for the production of materials for export to the Russian Federation. In order to provide the certification Denmark has agreed to provide the Russian Federation in these scenarios, a VS Form 16-4 with the following additional declarations is necessary in situations where no other certification is required from VS for entry of the consignment into the European Union. Prior to endorsement of the VS Form 16-4, the VS Service Center would confirm with State authorities that anthrax had not been confirmed on the referenced farm(s) for 3 months prior to the noted dates.

Required additional declarations:

The premises noted below was not known to be infected with Anthrax during the 3 months prior to the noted dates.

This office has on file a notarized affidavit from [insert name of exporter] verifying the accuracy of the statements below.

The mink skins described below were:

Collected at the following premises:

[insert address of farm or farms of collection].

During the following dates: [insert date range for collection of hides]
