Untreated blood products, excluding of equidae, for the manufacture of derived products for purposes outside the feed chain for farmed animals

Part II: Certification

<p>II. Health information</p>	<p>II.a. Certificate reference No</p>	<p>II.b.</p>
<p>I, the undersigned official veterinarian, declare that I have read and understood Regulation (EC) No 1069/2009 of the European Parliament and of the Council^(1a), and in particular Article 8(c) and Article 8(d) and Article 10 thereof, and Commission Regulation (EU) No 142/2011^(1b), and in particular Annex XIV, Chapter II thereof, and certify that:</p>		
<p>II.1. the blood products described above consist of blood products that satisfy the health requirements below;</p>		
<p>II.2. they consist exclusively of blood products not intended for human or animal consumption;</p>		
<p>II.3. they have been prepared and stored in a plant supervised by the competent authority or in the establishment of collection⁽²⁾, exclusively with the following animal by-products:</p>		
<p>⁽²⁾either [blood of slaughtered animals, which is fit for human consumption in accordance with Union legislation, but is not intended for human consumption for commercial reasons;]</p>		
<p>⁽²⁾and/or [blood of slaughtered animals, which is rejected as unfit for human consumption in accordance with Union legislation, but which did not show any signs of diseases communicable to humans or animals, derived from carcasses that have been slaughtered in a slaughterhouse and were considered fit for human consumption following an ante-mortem inspection in accordance with Union legislation;]</p>		
<p>⁽²⁾and/or [blood of slaughtered animals, which did not show any signs of diseases communicable to humans or animals, obtained from animals other than ruminants that have been slaughtered in a slaughterhouse after having been considered fit for human consumption following an ante-mortem inspection in accordance with Union legislation;]</p>		
<p>⁽²⁾and/or [blood and blood products derived from the production of products intended for human consumption;]</p>		
<p>⁽²⁾and/or [- blood and blood products originating from live animals that did not show signs of any disease communicable through that product to humans or animals;]</p>		
<p>⁽²⁾and/or [material from animals which have been treated with certain substances which are prohibited pursuant to Directive 96/22/EC, the import of the material being permitted in accordance with Article 35(a)(ii) of Regulation (EC) No 1069/2009;]</p>		
<p>II.4. the blood from which such products are manufactured has been collected:</p>		
<p>⁽²⁾either [in slaughterhouses approved in accordance with Union legislation;]</p>		
<p>⁽²⁾or [in slaughterhouses approved and supervised by the competent authority of the third country;]</p>		
<p>⁽²⁾or [from live animals in facilities approved and supervised by the competent authority of the third country.]</p>		
<p>⁽²⁾III.5. in the case of blood products derived from animals belonging to the taxa Artiodactyla, Perissodactyla and Proboscidea, including their crossbreds, the products come:</p>		
<p>II.5.1. from a country where no case of rinderpest, peste des petits ruminants and Rift Valley fever has been recorded for 12 months and in which vaccination has not been carried out against those diseases for at least 12 months;</p>		
<p>⁽²⁾II.5.2. either [from the territory of a country or region with code⁽³⁾ where no case of foot and mouth disease has been recorded for 12 months and in which vaccination has not been carried out against this disease for at least 12 months;]</p>		
<p>or [from the territory of a country or region with code⁽³⁾ where no case of foot and mouth disease has been recorded for 12 months and in which vaccination programmes against foot and mouth disease are being officially carried out and controlled in domestic ruminant animals for at least 12 months⁽⁴⁾.;]</p>
