

## **Heat-Treated Milk Products Intended for Human Consumption**

With the exception of certificates for shipments destined to Belgium, the United Kingdom, and Ireland, the Agriculture Marketing Service (AMS) endorses both the animal health and public health parts of the EU Certificates for dairy products for human consumption.

Veterinary Services (VS) does not endorse certificates for dairy products exported to other EU Member States for human consumption. (Exception: Shipments only transiting the EU. For information on transit certificates, please go back to the previous page on your browser and select the pertinent link.)

Even though they are not members of the EU, Iceland, Norway, Liechtenstein, and Switzerland also require the same certification for dairy products for human consumption. AMS endorses both sections of the below certificate for certificates for shipment to these countries.

### **Special requirements for shipments to the United Kingdom, Belgium, and Ireland:**

Both AMS and VS endorsement is required for certificates for shipments of dairy products (intended for human consumption) to the United Kingdom, Belgium, and Ireland. When exporting to these EU Countries, the exporter should first take the certificate to AMS for endorsement of the public health section, and then take the certificate to Veterinary Services (VS) for endorsement of the animal health section of the certificate. The certificate is not transferred to VS Security Paper. VS countersigns the certificate endorsed by AMS, and makes a photocopy of the final version for VS records. Standard user fees apply for the VS countersignature. **VS may only endorse the certificate after AMS has endorsed the public health portion.**

**The following certificate should only be utilized for consignments that will enter the EU prior to December 1, 2010. At this time, certificates should not be countersigned for consignments that will not enter the EU until after November 30, 2010. Further guidance will be posted as soon as it is available.**

11. Public Health attestation

I, the undersigned official inspector, hereby certify:

11.1 that the [heat-treated] / [milk -based product]<sup>(4)</sup> made from [heat-treated milk-based product]<sup>(4)</sup> described above:

- (a) was manufactured from raw milk:
  - (i) not, according to the findings of monitoring plans at least equivalent to those provided for in Directive 92/46/EEC, containing residues of antimicrobial substances in excess of the limits laid down in Annexes I and III to Regulation (EEC) No 2377/90, as amended,
  - (ii) not, according to the findings of monitoring plans at least equivalent to those provided for in Directive 92/46/EEC, containing pesticide residues in excess of the maximum levels laid down in Annex II to Directive 86/363/EEC, as amended,
  - (iii) not, according to the findings of monitoring plans at least equivalent to those provided for in Directive 92/46/EEC, containing contaminants in excess of the maximum tolerances laid down in the Community list provided for in Article 2(3) or Regulation (EEC) No 315 -93,
  - (iv) which comes from registered and checked holdings meeting the hygiene conditions laid down in Chapter II of Annex A to Directive 92/46/EEC,
  - (v) which was obtained, collected, cooled, stored and transported in accordance with the specific hygiene conditions laid down in Chapter III of Annex A to Directive 92/46/EEC,
  - (vi) which meets the plate and somatic cell count standards laid down in Chapter IV of Annex A to Directive 92/46/EEC, and
  - (vii) which was collected and standardized, where necessary, in accordance with the hygiene conditions laid down in Chapters I, III, and IV of Annex B to Directive 92/46/EEC
- (b) comes from a treatment establishment and/or processing establishment offering equivalent guarantees to those laid down in Chapter II of Directive 92 -46/EEC shown on the list of establishments authorized to export to the European Community and which is subject to supervision by the competent authority in accordance with the Provisions of Chapter VI of Annex C to Directive 92/46/EEC;
- (c) has undergone heat treatment during manufacture in accordance with the specific requirements of Chapter I of Annex C to Directive 92/46/EEC;
- (d) meets the relevant microbiological criteria laid down in Chapter II of Annex C to Directive 92/46/EEC;
- (e) has been wrapped and packaged in accordance with Chapter III of Annex C to Directive 92/46/EEC;
- (f) was stored and transported in accordance with the requirements of Chapter V of Annex C to Directive 92/46/EEC, and;
- (g) was transplanted, where appropriate, in tanks as described in Article 16 (2) of Directive 92/46/EEC;

11.2 that I am aware of the provisions contained in Directive 92/46/EEC, Annexes I and III to Regulation (EEC) No 2377/90, Annex II to Directive 86/363/EEC and Regulation (EEC) No 315/93.
