I. Identification

Name of bovine-origin blood product	Quantity	Packaging	No. of packages	Identification Marks

II. Origin

Name and address of premises of origin

Name and address of exporter

C. Destination

Name and address of consignee

.....

D. Declaration

I, the undersigned Official Veterinarian hereby certify that:

1. The blood and blood by-products, are from cattle which were not subjected to a stunning process, prior to slaughter, with a device injecting compressed air or gas into the cranial cavity, or to a pithing process.
2. The United States is free from Foot-and-Mouth Disease, Rinderpest, and Contagious bovine pleuropneumonia. The United States has been recognized by the World Organization for Animal Health (OIE) as a country with a negligible risk for Bovine Spongiform Encephalitis (BSE).
3. The blood from which the certified product is manufactured has been collected in slaughterhouses or other establishments approved and supervised by the competent authority.
4. The blood from which the certified product is manufactured is derived from animals that were clinically healthy (free from systemic signs of infectious disease) at the time of collection as determined by regular supervision of an accredited veterinarian or by ante-mortem inspection for slaughter for human consumption. The blood from which the certified product is manufactured is derived from U.S. cattle or was legally imported into the United States from countries free of Foot-and-Mouth Disease, Rinderpest, and Contagious bovine pleuropneumonia.
5. The certified product (or the blood from which it is derived) is either labeled as: "for in vitro diagnostic use only - to be safely discarded after use" or were processed by heat, acidification, or irradiation sufficient to ensure a product unlikely to transmit infectious disease agents.

Certificate number:

6. The certified product was collected, packaged, and labeled in an appropriate way to avoid contamination or misuse and has been prepared and stored in a plant approved and supervised by the competent authority.
