

## **Export Certification of bovine calf abomasum for use in rennet/renin production**

The bilingual certification statements below are for bovine calf abomasum derived from animals slaughtered at facilities under official inspection and it is meant for use in the production of rennet/rennin.

Mexico SENASICA requires certain traceability information for animal products offered for importation. For bovine calf abomasum, the export certificate should present the product lot number, slaughter date, and shipping in the identification block of the VS Form 16-4.

The statements below should be provided in the Additional Declarations section of the Export Certificate for Animal Products (VS Form 16-4) and continuation page VS form 16-4A as needed. A notarized affidavit from the manufacturer is required to support these statements on the export certificate issued by APHIS Veterinary Services.
