

## Porcine Pancreatin for Export to Mexico

The bilingual certification statements below are for porcine pancreatin intended for use in the pharmaceutical industry and should be provided in the Additional Declarations section of the Export Certificate for Animal Products (VS Form 16-4) and continuation page VS form 16-4A as needed. A notarized affidavit from the manufacturer is required to support these statements on the export certificate issued by APHIS Veterinary Services.

Mexico SENASICA requires certain traceability information for animal products offered for importation. For porcine pancreatin intended for use in the pharmaceutical industry, the export certificate should present the product lot number in the identification block. Further, for this commodity, SENASICA has indicated that in addition to the lot number, the manufacturing and expiry dates must be shown on the Export Certificate for Animal Products.

Certification statements on a VS Form 16-4:

This office has on file a notarized affidavit from [company name] verifying the accuracy of the following statements: / *Esta oficina cuenta en su expediente con una declaración notariada de [nombre de la compañía] que verifica la exactitud de las siguientes declaraciones:*
