

Animal Health Requirements for the Export of Unprocessed Musk Ox Hair to Peru

The bilingual certification statements provided below for the export of unprocessed musk ox hair to Peru should be made in the Additional Declaration section on a VS Form 16-4, Export Certificate for Animal Products, and VS 16-4A "Continuation Page" as necessary.

Product description (product box on VS Form 16-4) should include the species of origin and the quantity of product being exported. A unique seal must be placed on the container and the seal number noted on the veterinary certificate.

An inspection by Veterinary Services must demonstrate that the facility complies with the requirements as presented in this document. SENASA Peru advises that the product not meeting the certification requirements will be returned.

The following bilingual certification statements are required on the VS form 16-4:

The United States is free from foot and mouth disease, peste des petits ruminants, and ovine and caprine pox. / *Estados Unidos es libre de fiebre aftosa, peste de los pequeños rumiantes y viruela ovina y caprina.*

This office has on file a notarized affidavit from [insert company name] verifying the accuracy of the statements below: / Esta oficina mantiene en archivos una declaración notariada de [nombre de la compañía] que verifica la certeza de las declaraciones de abajo:

1. The product derives from animals born or legally imported and raised in the exporting country. / *La mercancía procede de animales nacidos o importado legalmente y criados en el país exportador.*
2. The product derives from animals and establishments in a zone of 10 km radius in which there have been no movement restrictions due to infectious diseases that affect these species during the 30 days prior to shipment and at the time of export of the product. / *El producto se origina de animales y establecimientos y en una zona de 10 km a su alrededor, donde no han tenido restricciones para la movilización durante los 30 días previos al embarque y al momento de la exportación del producto debido a enfermedades infecciosas que afecten a estas especies.*
3. The product originates from animals that did not show any sign of anthrax before and during shearing and from farms that were not under movement restrictions for the control of anthrax. / *El producto procede de animales y granjas que no presentaron signos clínicos de carbunco bacteridiano, antes ni durante la esquila.*
4. The product derives from a plant or farm registered by the Competent Official Authority of the United States. / *El producto procede de una planta o granja registrada por la Autoridad Oficial Competente de Estados Unidos.*

5. The product has been fumigated or disinfected using a chemical product and procedures approved in the United States as efficacious for the destruction of viruses and arthropods. / *El producto ha sido fumigado o desinfectado utilizando productos químicos y procedimientos aprobados y reconocidos para la eliminación de virus y artrópodos.*

6. Prior to shipment, transport vehicles were disinfected with products authorized by the exporting country. / *El producto fue transportado en vehículos previamente desinfectados con productos autorizados por el país exportador, antes de ser cargados.*

7. The product was shipped in new packaging or in containers that have been cleaned and disinfected using products authorized by the exporting country and that were sealed, indicating the seal number on the export certificate. / *El producto fue embarcado en envases nuevos o contenedores lavados y desinfectados utilizando productos autorizados por el país exportador y fueron sellados, indicando el número del sello en el Certificado Sanitario de Exportación.*

8. The packing plant was inspected by APHIS VS to verify compliance with the animal health requirements of Peru for this product and has been authorized for export. / *La planta de empaque fue sometida a inspección por APHIS VS para constatar el cumplimiento de las exigencias sanitarias establecidas por el Perú, para este producto y fue autorizado para la exportación.*
