

Dehydrated Manure Products (Bovine, Poultry and Equine) to St. Lucia

Dehydrated manure products may be exported to St. Lucia. The certification statements appearing below should be provided in the Additional Declarations section of the Export Certificate for Animal Products (VS Form 16-4) and continuation page VS form 16-4A as needed. A notarized affidavit from the manufacturer is required to support these statements on the export certificate issued by APHIS Veterinary Services.

This office has on file a notarized affidavit from [company name] verifying the accuracy of the following statements:

1. The product containing poultry manure originated from animals which were raised in a country or region free from highly pathogenic avian influenza and Newcastle disease in accord with the OIE Terrestrial Animal Health Code.
2. The product was subjected to a heat treatment to inactivate pathogenic organisms.
3. The product was processed under sanitary conditions including precautions following processing to prevent contamination of the product with pathogenic agents.
