

USDA APHIS Tribal Nations Wild Cervid Chronic Wasting Disease Opportunities 2024 Cooperative Agreements

2024 Spending Plan

September 2024

2024 Spending Plan for the Tribal Nations Wild Cervid Chronic Wasting Disease Opportunities 2024 Cooperative Agreements

USDA APHIS WS is awarding \$500,000 through Cooperative Agreements to nine Federally recognized Native American Tribal governments to combat CWD on Tribal lands across ten different states. These projects will allow recipients to further develop and implement CWD management, response, and research activities in wild cervids, including surveillance and testing on Tribal lands. Funded projects are listed below.

Tribal Nations Wild Cervid CWD Projects

Project Title	Entity	Funding Amount
Implementation of the Keweenaw Bay Indian Community Chronic Wasting Disease (CWD) Response Plan	Keweenaw Bay Indian Community (KBIC)	\$99,968.00
Maintaining Chronic Wasting Disease Sampling Capacity and Developing a Tribal Management Plan for the Jamestown S'Klallam Tribe	Jamestown S'Klallam Tribe	\$32,142.00
Continuation of Chronic Wasting Disease testing on the Muscogee Creek Nation Reservation in Oklahoma	Muscogee Creek Nation	\$72,369.00
