| 2022-APHIS-04748-F | Soffes, Lindsey | Rise for Animals | When an entity with an animal lab fills out form 7023, if there are any animals listed in Column E, then "An explanation of the procedures producing pain or distress on these animals and the reasons such drugs were not used must be attached" to the Annual Report. APHIS acknowledges both that these attachments may contain confidential commercial or business information within the meaning of FOIA Exemption 4, 5 U.S.C. 552(b)(4) and that when documents contain information that qualifies as exempt from disclosure as CBI, the entire document is not necessarily exempt because FOIA specifically provides that any reasonably segregable portions of a record must be provided to a requester after deletion of the portions that are exempt.
