2025-APHIS-05973-F	(b) (6), (b) (7)(D)	-	I would like records on my recent complaints about SeaQuest located in Woodbridge, New Jersey, as well as any records from the past where action was taken to uphold the Animal Welfare Act if possible. (b) (6), (b) (7)(D) the lack of action taken on the deaths of two sloths, as well as (b) (6), (b) (7)(D) the lack of action taken on the over 100 documented animal deaths since 2019. Complaints were made about the inspections performed by inspector Karla W, (b) (6), (b) (7)(D) how inadequate these inspections are. Over 100 animals have died and been neglected at this SeaQuest and the USDA did not catch any of it, which should be very troublesome, (b) (6), (b) (7)(D) neglect has continued despite Fish and Wildlife putting this location on probation and revoking permits. There is also substantial proof that Suzy the baby sloth, as well as a male adult sloth, were both deprived of necessary medical care and were neglected, directly leading to their deaths which the USDA has taken no action on. The USDA is supposed to be upholding the Animal Welfare Act and has grossly failed to do so here in New Jersey with SeaQuest. I would like to have access to any records (b) (6), (b) (7)(D), as well as any previous records on SeaQuest in Woodbridge NJ if possible where action was taken.
