

Artemia and Rotifer Cysts

The bilingual (English/*Portuguese*) certification statements provided below should be used to certify export to Brazil of artemia and rotifer cysts. The certification statements provided below should be made in the Additional Declaration section on a VS Form 16-4 ,Export Certificate for Animal Products and continuation pages VS Form 16-4A, as necessary. A notarized affidavit from the manufacturer is required to support these statements on the export certificate issued by APHIS Veterinary Services. For statement #1, either the manufacturing facility must have been inspected by VS within the last year, or the manufacturer must provide documentation from another federal agency verifying they are inspected and approved.

Please note, the statement “This is to certify that rinderpest, foot-and-mouth disease, classical swine fever, swine vesicular disease, African swine fever, and contagious bovine pleuropneumonia do not exist in the United States of America” should **not** be included in the Additional Declarations section.
