

Export to Brazil: Processed bee products for purposes other than human or animal consumption

This protocol is intended to cover processed bee products (such as beeswax) intended for purposes other than human or animal consumption. Unprocessed bee products, or those intended for human or animal consumption, may not be certified using this protocol.

General Instructions for Exporters

1. Use the fillable letterhead certificate “INTERNATIONAL VETERINARY CERTIFICATE FOR THE EXPORT OF PROCESSED BEE PRODUCTS TO BRAZIL INTENDED FOR USES OTHER THAN HUMAN OR ANIMAL CONSUMPTION” available on the main Brazil IREG page.
2. Have the manufacturer prepare a notarized affidavit with the required certification statements noted under the notarized affidavit line in the “Declarations” section of the letterhead certificate. If assistance is needed in preparing a proper notarized affidavit, please contact the local VS Service Center that will be endorsing the export certificates.
3. Complete all other applicable sections of the letterhead certificate, following the [general instructions](#) for the VS Form 16-4 for all blocks other than “Additional Declarations”. If assistance is needed, please contact the local VS Service Center that will be endorsing the export certificates.
4. Submit the certificate and affidavit to the local VS Service Center.
5. The VS Service Center will print the certificate on security paper using the VS Service Center letterhead stationery.
