

Veterinary Sanitary Certificate for Export of Unprocessed (Raw) or Minimally Heat Treated Pet Food or Pet Treats

This certificate is ONLY to be used for shipments of unprocessed or minimally heat - treated food pet foods or pet treats from facilities that have been inspected and approved by APHIS Veterinary Services (VS) for export to Canada. The certificate is intended to cover all unprocessed or minimally heat-treated pet food and pet treats exported from APHIS-approved facilities, including shipments that contain no bovine-based pet foods. For more information on how to obtain facility approval, the interested party should contact their [local VS Service Center](#).

For the purposes of this certificate “minimally heat treated” product is defined as a product where the finished product or any of the animal origin ingredients has received a heat treatment that is less than the following:

Egg: 57 °C for 27 minutes

Poultry: 65 °C for 14 minutes, or 74 °C for 5 minutes

Bovinae, ovine, caprine, or porcine: 70 °C for 30 minutes, 79 °C for 30 seconds, or 90 °C internal temperature.

The certificate is posted as a **single-use** multi-page certificate with an optional (as needed) continuation page. The certificate and continuation page are available as fillable PDF forms which can be completed electronically by the exporter and sent via email to the endorsing VS Service Center. Exporters should work with their endorsing VS Service Center regarding ways to expedite the return of endorsed certificates.

For the VS Service Center to certify U.S. origin pet foods using the VETERINARY EXPORT CERTIFICATE FOR UNPROCESSED (RAW) OR MINIMALLY HEAT TREATED¹ PET FOOD OR PET TREATS CONTAINING ANIMAL ORIGIN INGREDIENTS EXPORTED FROM THE UNITED STATES OF AMERICA TO CANADA:

- If the exporter is not the approved manufacturing facility, the exporter must provide documentation to show that the pet foods for export were manufactured in facilities approved by APHIS/VS; and
- The VS Area Office must verify that the manufacturing facility (ies) has/have been approved by VS and are listed in the APHIS internal database as being approved to export the pertinent product to Canada.

Instructions for Completion of Health Certificate:

1. If using the fillable PDF forms, navigation through the certificate can be accomplished using the tab key or mouse.
2. Page numbers: these blanks should be completed to reflect the page numbers and the total number of pages in the certificate. For example, if two continuation pages are needed, the pages should be numbered “Page 1 of 4, Page 2 of 4, Page 3 of 4, and Page 4 of 4.”
3. Health Certificate No.: Leave this blank. The HC number is assigned by the VS Service Center.
