

Certification statements for dairy products for animal consumption exported to Colombia

This document provides the requirements and certification statements for the exportation of products containing dairy ingredients for animal consumption for export to Colombia. Product description (product box on VS Form 16-4) should include the species of origin for all animal origin ingredients, as well as the nature of the product.

The following bilingual certification statements below should be provided in the Additional Declarations section of the Export Certificate for Animal Products (VS Form 16-4) and continuation page VS form 16-4A as needed. A notarized affidavit from the manufacturer is required to support these statements on the export certificate issued by APHIS Veterinary Services. The exporter should be encouraged to verify that the requirements match the expectations of import officials at the port of entry. All required certification statements are provided in both English and Spanish.

Certification Statements:
