#### Ipomoea Seed Importation\*

Only these states are allowed to import *I. aquatica* seeds from foreign sources. Contiguous states that allow commercial production of *I. aquatica* will purchase seeds from sources in the states listed in this matrix.

\*\*State/Territory has not yet been consulted. Please submit a permit application and APHIS-PPQ will consult the state/territory via its official review process.

\*\*\*State allows importation of plant parts for human consumption (no production allowed).

°°State accepts the importation of *I. aquatica* plant parts for consumption **only** from Canada.

°°°State requires the addresses of the destination locations the *I. aquatica* will be distributed to. Provide those locations directly to the State Plant Regulatory Official (SPRO) along with the PPQ526 application number.
