

Alligator Skins (Salted)
Intended for use in Manufacturing, e.g. of Purses

The skins should be accompanied by a VS Form 16-4 verifying that they have been [wet or dry salted for a minimum of 14 days](#).

No other declarations may be included on the VS Form 16-4.

France also requires CITES (Convention on International Trade in Endangered Species of Wild Fauna and Flora) certification. CITES certification is not part of the APHIS VS Form 16-4. Exporters should contact the [U.S. Fish & Wildlife Service](#) for more information regarding CITES certification.
