II.a. Certificate reference no.

- (i) classical scrapie is compulsorily notifiable;
- (ii) an awareness, surveillance and monitoring system is in place for classical scrapie;
- (iii) official restrictions apply to holdings of ovine or caprine animals in the case of a suspicion of TSE or the confirmation of classical scrapie;
- (iv) ovine and caprine animals affected with classical scrapie are killed and destroyed;
- (v) the feeding to ovine and caprine animals of meat-and-bone meal orgreaves, as defined in the Terrestrial Animal Health Code of the World-Organisation for Animal Health (WOAH (formerly OIE)), of ruminantorigin has been banned and effectively enforced in the whole country for a period of at least the preceding seven years;
- (b) originate from holdings where no official restrictions are imposed due to a suspicion of TSE;
- originate from holdings where no case of classical scrapie has been diagnosed during a period of at least the preceding seven years or, following the confirmation of a case of classical scrapie:
 - (1) either [all ovine and caprine animals on the holding have been killed and destroyed or slaughtered, except for breeding rams of the ARR/ARR genotype, breeding ewes carrying at least one ARR allele and no VRQ allele and other ovine animals carrying at least one ARR allele;]
 - (4) or [all animals in which classical scrapie was confirmed have been killed and destroyed, and the holding has been subjected for a period of at least two years since the date of confirmation of the last classical scrapie case to intensified TSE monitoring, including testing with negative results for the presence of TSE in accordance with the laboratory methods set out in point 3.2 of Chapter C of Annex X to Regulation (EC) No 999/2001, of all of the following animals which are over the age of 18 months, except ovine animals of the ARR/ARR genotype:
 - animals which have been slaughtered for human consumption; and
 - animals which have died or been killed on the holding but which were not killed in the framework of a disease eradication campaign.]]

Notes

References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018) and can be viewed on the UK legislation website (legislation.gov.uk).

References to Great Britain in this certificate include Channel Islands and Isle of Man.

Milk, milk-based products and milkderived products not for human consumption from non-EU countries GBHC091X

| II a | Certificate | reference | nο |
|-------|-------------|-----------|-----|
| II.a. | Cermicale | reference | HU. |

Part I:

Box reference I.6: Person responsible for the consignment in Great Britain: this box is required to be filled in only if it is a

certificate for a commodity to be transited through Great Britain; it may be filled in if the certificate is for a

commodity that is to be imported into Great Britain.

Box reference I.12: Place of destination: this box is to be filled in only if it is a certificate for transit commodity.

Box reference I.15: Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship) is to be

provided. In the case of unloading and reloading, the consignor must inform the border control post of the point

of entry into Great Britain.

Box reference I.19: Use the appropriate Harmonised System (HS) code of the World Customs Organisation: 04.01; 04.02;

04.03; 04.04; 23.09.10, 23.09.90, 35.01, 35.02 or

35.04.

Box reference I.23: For bulk containers, the container number and the seal number (if applicable) must be included.

Box reference I.25: Technical use: any use other than feeding of farmed animals, other than fur animals, and the production

or manufacturing of pet food.

Box reference I.26 and I.27: Fill in according to whether it is a transit or an import certificate.

Box reference I.28: 'Manufacturing plant': provide the registration number of treatment or processing establishment.

Part II:

(1) Delete as appropriate.

- (2) For completion if the authorisation to import into or transit through Great Britain is restricted to certain regions of the third country concerned
- (3) This condition applies only to third countries listed in column 'A' in a document relating to 'milk and milk products' published on gov.uk, in accordance with Regulation (EU) No 605/2010. (4)
- (4) A document relating to 'milk and milk products' for non-EU countries published by the Secretary of State, with the consent of the Scottish and Welsh Ministers, may be found here:

Non-EU countries approved to export animals and animal products to Great Britain - data.gov.uk

The signature and the stamp must be in a different colour to that of the printing.

Note for the person responsible for the consignment in Great Britain: this certificate is only for veterinary purposes and must accompany the consignment until it reaches the border control post.
