Additional Field(s):

Veterinary Import Permit Number : _____

Certification Statements:

I, the undersigned USDA accredited veterinarian, certify to the following statements.

1. The United States is free of contagious bovine pleuropneumonia and foot and mouth disease.

2. The United States is recognized by the World Organization for Animal Health (OIE) as a country having a negligible risk status for bovine spongiform encephalopathy (BSE).

3. The herd of origin has been free of clinical cases of bovine cysticercosis, enzootic bovine leukosis, hemorrhagic septicemia, infectious bovine rhinotracheitis (IBR), and malignant catarrhal fever (MCF) for the last 12 months prior to export.

4. The cattle for export were tested within 60 days of export with negative results for the diseases listed below:

a. Tuberculosis: Intradermal test using bovine PPD tuberculin OR other test accepted by USDA.

Test Date(s): _____

b. Brucellosis: Complement fixation test at a 1:10 dilution OR buffered Brucella antigen test (i.e., card test) OR Enzyme-linked immunosorbent assay (ELISA) or standard tube test OR fluorescent Polarization Assay (FPA) OR plate agglutination test at a 1:50 dilution OR other test accepted by USDA.

Test Date(s): _____

c. Leptospirosis:

[O] The animals for export were treated once against leptospirosis with one injection of long-acting broad spectrum antibiotic once within 10 days of export.

[O] The animals for export were vaccinated against leptospirosis within 60 days prior to export.

[O] The animals for export were tested negative for leptospirosis within 60 days prior to export.

5. Within 14 days prior to the export, the animals for export were inspected and treated for internal and external parasites.

Date(s) of Treatment: _____

Name(s) of Product: _____

The animals were inspected within 14 days prior to export and found to be free from clinical signs of contagious diseases of the species.

If bovine dermatophilosis (a.k.a. rain rot or rain scald) is present, the animals were subjected to appropriate treatment prior to departure.
