Certification Statements:

I, the undersigned USDA Accredited Veterinarian, certify to the following statements:

(a) The United States has been free from Foot and Mouth Disease without vaccination for a period of at least twelve (12) months immediately prior to the date of export of semen.

(b) The donor animals were physically sound, in good health, and free from clinical signs of infectious or contagious disease for the species, on the date of semen collection.

(c) Insofar as it has been possible to ascertain, the herd of origin for the semen donors has not had a confirmed case of clinical scrapie in the last three (3) years prior to export of semen.

(d) Insofar as it has been possible to ascertain, the herd of origin for the semen donors has had no clinical cases of bovine brucellosis (*Brucella abortus*) or contagious epididymitis (*Brucella ovis*) in the last twelve (12) months prior to export of semen; OR the donor animals was tested negative for brucellosis using a WOA approved test prior to the collection of the semen for export.
