Certification Statements:

I, the undersigned USDA Accredited Veterinarian, certify to the following statements:

(a) The United States has been free of foot and mouth disease (FMD) without vaccination, for a period of at least twelve (12) months immediately prior to the date of exportation of semen.

(b) Either the donor animals originate from a validated swine brucellosis-free herd or a swine brucellosis-Free state as determined by APHIS; OR donor boars were tested negative for swine brucellosis using WOAHA approved test methods prior to the collection of semen for export, as noted below.

(c) The donor animals were physically sound, in good health, and free from clinical signs of infectious or contagious disease for the species, on the date of semen collection.

(d) The semen for export originates from an APHIS approved collection center which adheres to the standards of the WOAHA Terrestrial Animal Health Code.
