**Model Official Certification of plants
producing dog chews intended for export to Israel**

The official veterinary authority of _____
(country)

hereby certifies that:

1. The processing plant _____
(name, address and official registration number)
is certified by the Veterinary Services of this country as a producer of dog
chews for local use as well as for export to Israel.
2. The processing plant produces dog chews under the direct supervision of an
officially accredited veterinarian.
3. The said plant processes on its premises low risk material of the following
species: _____

4. Raw materials of mammalian origin utilized for the production of dog chews to be
exported to Israel are all of local (producer country) origin only and have been
obtained from slaughtered animals which have undergone an ante- and post-
mortem veterinary inspection and their meat has been declared fit for human
consumption;
5. The processing plant produces dog chews complying to good manufacturing
practices and have been heat treated sufficient to render them free from
pathogenic organisms, including Salmonella spp.;
6. The end products are regularly checked bacteriologically for freedom from
pathogenic organisms, including Salmonella spp., and are kept and packed
in a way that prevents recontamination.
