IV. Health Attestation

I, the undersigned USDA Accredited Veterinarian, hereby certify that the amphibians in this consignment:

- 1) Either originate and come from an establishment where no evidence, either clinical or laboratory, of *Batrachochytrium dendrobatidis* have been detected; OR have been tested for *Batrachochytrium dendrobatidis* by PCR with negative results.
- 2) Originate and come from an establishment where no evidence, either clinical or laboratory, of Ranavirus or "red Leg" have been detected.
- 3) Examined by me today, and have been found healthy and free of infectious or contagious diseases.
