USDA APHIS PPQ, USDA APHIS PPQ, Bugwood.org

Program: Japanese Beetle Application: ArcGIS Survey123 Host: USDA-MRP GIS Enterprise (Portal)

Map Title: PPQ Japanese Beetle Aircraft Inspections 2025

CHECK URL! https://maps.mrp.usda.gov/arcgis/ IMPORTANT!! In mobile devices, you must <u>refresh the Inbox</u> while connected to Wi-Fi.

- 1. Open ArcGIS Survey123 and the previously downloaded survey.
- 2. While connected to Wi-Fi, tap the Overview bar and "Refresh".
- 3. Select a previous aircraft inspection from the "Inbox" list to edit *OR*

Select the "Collect" bar to enter a new aircraft inspection.

+ Collect	>
	>

Collect and Inbox bars

4. Complete the data form according to survey protocol. All fields with an asterisk * must be completed.

NOTE: If one or more Sample collections are completed, select the plus button at the bottom of those question groups to enter data for each.

- 5. Select the check mark once complete and choose:
 - "Send Now" if connected to reliable Wi-Fi. *OR*
 - "Save this survey in the Outbox" if not connected to Wi-Fi.

If collecting survey data in disconnected mode, remember to select the Outbox bar and "Send" all surveys once connected to a reliable Wi-Fi network.

To preserve battery power, put the device to sleep between surveys. For more details, refer to the PPQ JB Aircraft Inspections User Manual.
