2026-APHIS-04883-F	NEWBER, PATRICIA	Quality of Life Enterprise	I am seeking information about USDA APHIS contracts for wildlife damage management with U.S. landfills. More specifically, I would like the following information: 1.How many such contracts does USDA APHIS currently maintain with U.S. landfills? 2.How many such contracts does USDA APHIS currently have with Rumpke Waste Inc. facilities (or one of its affiliates)? 3.How does wildlife damage management work at Rumpke compare to similar work at other U.S. landfills? Your agency has already provided data that shows that USDA (or its contractors) killed 169,714 animals from 10.1.08 to 3.2.26 under Rumpke contract(s), dispersing another 29.5 million animals during that same time. Can you provide any data that provides context on those results? Is that a lot? A little? About average?	06/01/2026
2026-APHIS-04885-F	NEWBER, PATRICIA	Quality of Life Enterprise	I am requesting the following in JPG form. I also need a brief description of what each photo depicts and where it was taken: (I am assuming all are from 2023 given the file numbers.) •2023-APHIS-01852_000105 •2023-APHIS-01852_000106 •2023-APHIS-01852_000293 •2023-APHIS-01852_000291 •2023-APHIS-01852_000122 •2023-APHIS-01852_000128 •2023-APHIS-01852_000142 •2023-APHIS-01852_000144 •2023-APHIS-01852_000161 •2023-APHIS-01852_000038 •2023-APHIS-01852_000103 Additionally, I have attached printouts of four photos that do not include a number. I would also like a JPG of each, a description of what it depicts and where it was taken	06/01/2026
2026-APHIS-04889-F	(b) (6)	PETA	On April 3, 2026, PETA submitted a complaint to the U.S. Department of Agriculture (USDA) requesting the agency to investigate apparent noncompliance with the Institutional Animal Care and Use Committee (IACUC) composition requirements set forth in the Animal Welfare Act (AWA) and its associated Animal Welfare Regulations (AWRs) at Oregon Health & Science University (OHSU; USDA Certificate No. 92-R-0001). The concern was assigned tracking number INQ-0000060986. I am writing to respectfully request copies of all agency records related in any way to INQ-0000060986—including, but not limited to, reports, studies, correspondence, memoranda, meeting notes and minutes, notes and summaries of conversations and interviews, emails, photographs, videos, Animal Care inspection reports, records of violations and alleged violations of the Animal Welfare Act (AWA), records of complaints and response taken, and any other forms of written or recorded communication. 2026-APHIS-04977-F	Qiu, Yiqing "Linda"	New York Times	Under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, I am requesting copies of records maintained by the Animal and Plant Health Inspection Service (APHIS) regarding the response to the New World Screwworm (NWS) outbreak and associated agency staffing. Scope of Request: I request the following records created, sent, or received between June 1, 2025, and the date this request is processed: Staffing and Workforce Analysis: All internal briefings, memos, reports, emails, or data compilations evaluating staffing levels, vacancies, personnel constraints, or labor shortages within APHIS (including the New World Screwworm Directorate) to the New World Screwworm response. Deferred Resignation Program Impacts: All records discussing or analyzing the impact of the January/February 2025 Deferred Resignation Program (DRP), "Fork in the Road" initiative, or subsequent structural personnel changes on the operational capacity of APHIS to conduct screwworm surveillance, sterile fly production/dispersal, border inspections, and research. Leadership Meeting Logs and Communications: All calendar entries, meeting minutes, agendas, summaries, or email communications involving the USDA Secretary, the Under Secretary for Marketing and Regulatory Programs, the APHIS Administrator or other APHIS leadership regarding meetings with external stakeholders concerning the screwworm response. This includes, but is not limited to, communications and meetings with: The National Cattlemen’s Beef Association (NCBA) or other livestock industry groups; Mexican agricultural authorities (e.g., SENASICA) or Central American government officials; State animal health officials and state departments of agriculture; [and] The Centers for Disease Control and Prevention (CDC) or the Department of the Interior (DOI). I request that all responsive records be provided in an electronic, searchable format (such as digital PDFs, Excel spreadsheets, or native email formats) delivered to linda.qiu@nytimes.com. If any portions of these records are withheld under FOIA exemptions, please provide all segregable, non-exempt portions and specify the legal basis for any applied redactions. 2026-APHIS-04991-F	Campos, Ana	Campos Investigations	Copy of the letter sent to Larry Wallach (License No. 21-C-0069) telling him his license was canceled and why. Also the specific complaint that led to the USDA canceling his license. I do not need all the other docs. I know it is a huge file but I don't want any of the other stuff. I only care about proving the USDA canceled his license around June 2024. I was told he used a PO box instead of a physical address and that is why the USDA canceled based upon a complaint. I just need the documents to prove that to the media and government officials addressing this issue with him in Florida. He continues to exhibit animals. 2026-APHIS-05060-F	Maschler, Thomas	-	This is a request under the federal Freedom of Information Act, 5 U.S.C. § 552, for records held by APHIS Wildlife Services concerning the cooperative wildlife damage management program in Maryland, with respect to white-tailed deer (<i>Odocoileus virginianus</i>) and sika deer (<i>Cervus nippon</i>). The records will support a public regulatory comment in the Maryland DNR 2026–28 hunting-regulation cycle and a possible submission to the Maryland General Assembly. Records requested, for federal fiscal years 2005 through the current fiscal year: The Wildlife Services annual state reports for Maryland, and the Maryland rows of the Program Data Report and any predecessor MIS / PR-37 tables — including, for white-tailed deer and sika deer, the numbers dispersed, destroyed, and freed or relocated, and any deer-specific cooperative project narratives. Cooperative service agreements, Work Plans, and Memoranda of Understanding between Wildlife Services and Maryland cooperators — state agencies (DNR, MDA, MAA, MDOT, SHA); federal cooperators (Indian Head, Patuxent River, Aberdeen Proving Ground, Fort Meade, Catoctin Mountain Park, Antietam, USFWS national wildlife refuges); and county / municipal cooperators (M-NCPPC, Baltimore City watershed, Baltimore County, Howard County, Montgomery County, Anne Arundel County) — to the extent deer damage management is in scope. The Wildlife Services NEPA Environmental Assessment(s) covering deer damage management in Maryland, the associated Decision documents and Findings of No Significant Impact, and any subsequent monitoring reports. Per-project operational records for Maryland deer projects, where maintained in tabular form, showing county, fiscal year, number dispersed, number destroyed, methodology, and any deer-not-recovered or tracker-assistance fields the record maintains. Records in machine-readable form (CSV or Excel) preferred where data is tabular; PDF acceptable for agreements, EAs, FONSIIs, and narrative reports. If any item is uniquely difficult to extract, please contact me before incurring effort or expense. The core priorities are items 1 and 3. (Date Range for Record Search: From 10/01/2004 To 06/08/2026)	06/09/2026
2026-APHIS-05059-F	Talbott, Clint	Science for Colorado Wildlife	All email correspondence between employees of APHIS Wildlife Services and Colorado Parks and Wildlife (a Colorado agency) concerning the trapping of wolves in Colorado using leg-hold traps, foot-hold traps or snares. 2026-APHIS-05190-F	Pedelose, Katelyn	-	Requesting: 1. The original complaint submitted to APHIS associated with Inquiry Number INQ-0000061388. 2. All correspondence, emails, letters, memoranda, and communications concerning the review, handling, disposition, or investigation of that inquiry. 3. Any inspection reports, compliance reports, investigative reports, case summaries, findings, or determinations generated in response to the complaint. 4. Any investigator notes, interview summaries, witness statements, photographs, videos, attachments, or supporting documentation received or created during the review of the matter. 5. Records indicating whether the inquiry was closed, elevated to a formal investigation, referred to another agency, or resulted in any compliance, warning, enforcement, or licensing action. 6. Any records relating to alleged animal deaths, animal welfare concerns, transportation conditions, vehicle conditions, temperature control issues, unattended animals, or other Animal Welfare Act concerns involving USDA registrant 41-T-0110 that were reviewed in connection with Inquiry Number INQ-0000061388. 7. Any final disposition, closure memorandum, enforcement recommendation, or decision document related to the inquiry.	06/12/2026
2026-APHIS-05207-F	Westbrook, Christian	-	I am requesting records under the Freedom of Information Act (5 U.S.C. § 552) from January 1, 2022 to the present concerning the federal response to Highly Pathogenic Avian Influenza (HPAI) in commercial poultry and dairy operations. Specifically, please provide all records including but not limited to: • Statistics on depopulated birds and cattle, broken down by: confirmed infected vs. presumptive/healthy/exposed flocks, operation size (small/medium/large or by number of birds), and state. Include total birds/cattle depopulated and percentage that were healthy at time of cull. • Compensation data: total payments made, per-bird or per-animal rates, and any patterns showing differences based on operation size, biosecurity compliance, or participation in federal programs. • Internal policy documents, briefings, or modeling that justify large-scale depopulation of apparently healthy flocks versus alternatives such as vaccination, selective culling, or enhanced biosecurity. • Any analysis or discussion linking HPAI response policies to broader goals such as livestock herd reduction, Net Zero emissions targets, supply chain “resilience,” or the promotion of gene-edited “disease-resistant” poultry/livestock breeds. • Records showing integration of HPAI surveillance and cull data into broader biosurveillance systems, One Health frameworks, or digital tracking platforms (including any coordination with Palantir or other USDA data systems). This request focuses on understanding the scale, rationale, and downstream effects of HPAI depopulation policies on the U.S. food supply and independent producers. Please release all reasonably segregable portions of responsive records. If any material is withheld, please provide a detailed Vaughn index. Thank you. 2026-APHIS-05246-F	Erdogan, Vildan	APS Ambalaj Koz. ve Temiz. Urunleri Sanayi A.S	We acknowledge receipt of the notification regarding the detection of a harmful pest within container No. MRKU5719270. As the shipper of the cargo associated with EAN 749820, we respectfully request copies of all available photographic evidence pertaining to the pallet(s) on which the pest was identified. In addition, we kindly request the seal numbers, identification markings, and any other relevant traceability information associated with the affected pallet(s). The pallets used in this shipment were manufactured, treated, and marked in compliance with the requirements of the International Standards for Phytosanitary Measures No. 15 (ISPM 15). In order to conduct a thorough investigation and determine the root cause of the reported issue, we are required to present the relevant evidence and inspection findings to our pallet supplier and other responsible parties. Accordingly, we would appreciate receiving the following documentation at your earliest convenience: 1. Photographs showing the detected pest and the affected pallet(s); 2. Seal numbers and identification details of the pallet(s) concerned; 3. Information regarding the location and circumstances under which the pest was discovered. Your cooperation and assistance in providing the requested information will greatly support our investigation and help ensure compliance with applicable phytosanitary requirements. We thank you for your attention to this matter and look forward to your prompt response. 2026-APHIS-05328-F	Perryman, Skye	Democracy Forward Foundation	Democracy Forward Foundation ("DFF") requests that the Animal and Plant Health Inspection Service ("APHIS") produce the following within twenty (20) business days: 1. All email communications (including email messages, complete email chains, email attachments, calendar invitations) sent by (an) any of the following officials containing (b) a key term from Column A and Column B. Agency Officials; Anyone serving as Administrator or Acting Administrator, including Kelly Moore; Michael Schmoyer, Associate Administrator for APHIS and Director of the New World Screwworm Directorate Sarah Helming, Associate Administrator Key Terms Column A: Miller; Texas; TDA; TX; Texas Animal Commission Column B: TAHC; "La Pryor"; Mexico; Argentina; NWS; Quarantine; Screwworm; "Screw worm"; Screw-worm; Sterilized; SWASS In an effort to accommodate APHIS and reduce the number of potentially responsive records to be processed and produced, we have limited this request to communications sent by any of the included officials. To be clear, however, DFF still requests that complete email chains and texts be produced, displaying both sent and received messages. This means, for example, that both said official's response to an email and the initial received message are responsive to this request and should be produced. 2. All email communications (including email messages, complete email chains, email attachments, calendar invitations) between (a) any of the agency officials included in Item 1 and (b) any of the external entities included below containing (c) any of the key terms included below. External Entities and Individuals: Anyone communicating on the behalf of the Texas Department of Agriculture ("TDA"), including any email address ending in @TexasAgriculture.gov; Anyone communicating on the behalf of the Texas Animal Health Commission ("TAHC"), including any email address ending in @tahc.texas.gov; Anyone communicating on the behalf of the Office of U.S. Senator John Cornyn, including any email address ending in @cornyn.senate.gov; Anyone communicating on the behalf of the Office of U.S. Senator Ted Cruz, including any email address ending in @cruz.senate.gov Key Terms: "La Pryor"; Mexico; Argentina; NWS; Quarantine; Screwworm; "Screw worm"; Screw-worm Sterilized; SWASS Please note that this request does not seek the initial mailing of news clips or other mass-distribution emails. However, subsequent communications responding to or forwarding such emails are responsive to this request. For example, if a specified official received a mass-distribution news clip email from the Texas Department of Agriculture, that initial email would not be responsive to this request. However, if a specified official forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced. This request seeks records from October 1, 2025 until the date of the search.	06/18/2026

2026-APHIS-05400-F	Jacewicz, Natalie	University of San Diego School of Law	My name is Natalie Jacewicz, and I am an Assistant Professor of Law at the University of San Diego School of Law. I am writing under the Freedom of Information Act, 5 U.S.C. § 552, to request the records described below for an academic article, to be published in a law review, on how wildlife managers make decisions about individual wild animals. I will not be compensated for the article, and I am not seeking these records for any commercial purpose or in connection with litigation. By "individual" management I mean decisions that distinguish among animals within a species or population — for example, relocating or removing a particular bear based on its behavioral history, or providing supplemental care to a particular animal of conservation concern. I request the following records held by USDA Wildlife Services: 1. Predator and nuisance-wildlife control program records a. The current policies, directives, handbooks, or guidance — and any prior version in effect since January 1, 2021 — governing Wildlife Services decisions to lethally remove or otherwise control individual predators, including wolves, cougars, coyotes, and bears, when those animals depredate livestock or otherwise come into conflict with human interests. b. Records documenting individual Wildlife Services predator-control decisions, issued or created from January 1, 2021 to the present — including work orders, field investigation reports, removal or control authorizations, and post-action reports — for wolves, cougars, coyotes, and bears. c. Coordination records — including communications, cooperative agreements, and work plans — between Wildlife Services and state wildlife agencies or the U.S. Forest Service concerning individual predator-control operations, from January 1, 2021 to the present. (Note: Wildlife Services publishes annual state-by-state program data reports with aggregate take statistics; to the extent responsive records are already reflected in those public reports, I ask that production be focused on the underlying individual control and decision records not captured in aggregate form.) To keep this request manageable I have limited it to the record types, species, and period above. If any part still appears unduly burdensome, I would welcome the chance to confer about narrowing it before you undertake substantial work, and I am happy to receive records on a rolling basis. I am affiliated with an educational institution and make this request for scholarly, non-commercial purposes; I therefore ask to be treated as an "educational institution" requester under 5 U.S.C. § 552(a)(4)(A)(ii)(II). I separately request a waiver of all fees under 5 U.S.C. § 552(a)(4)(A)(iii). Disclosure will contribute significantly to public understanding of how federal agencies make individualized wildlife-management decisions — a subject on which little is publicly known — and I will disseminate my analysis through a law review that reaches the courts, the bar, agencies, and the public. The records are not sought for any commercial interest. If you nonetheless conclude that fees apply, please notify me before incurring costs exceeding \$50. Please send responsive records to (b) (6).edu. Sincerely, Natalie Jacewicz, Assistant Professor of Law, University of San Diego School of Law	06/23/2026

2026-APHIS-05437-F	Einhorn, Catrin	The New York Times	This is a request under the FOIA, 5 U.S.C. § 552. I am writing to request copies of any and all animal welfare complaints, non-compliance reports, or allegations of violations filed with or recorded by APHIS between January 1, 2022, and June 24, 2026, regarding the following licensees/registrants: - RiverOne LLC, customer number 6023026, certificate number 74-R-0251 - Micanopy Zoological Preserve, customer number 45249, certificate 58-T-0210 - Micanopy Zoological Preserve, customer number 45249, certificate 58-B-0558 - Colossal Biosciences Inc, customer number 6026475, certificate 74-R-0254 Scope of Records: Please include the complete record for each complaint. This includes, but is not limited to: the full text of the complaint, web-form submissions, emails, written correspondence, internal APHIS intake logs, and detailed notes or transcripts from phone calls. Search Parameters: Please note that the physical locations of the alleged incidents or complaints may differ from the official registration addresses. Therefore, I request that APHIS conduct its search using the customer/organization names and/or the customer/certificate numbers provided above to ensure all responsive records are captured. Fees: As a journalist at The New York Times, I request a waiver of all fees because the disclosure of this information is in the public interest. If you deny me a fee waiver, I agree to pay fees up to \$100 (the submission form requires that I put only \$25 if I am requesting a waiver, but I agree outright to \$100). Please notify me before proceeding if fees will exceed that amount. Thank you for your assistance. I look forward to your response within the statutory 20-business-day timeframe.
