

**Additives, Complements and Supplements (Containing Aquatic Animal Ingredients)  
Intended for Animal Feeding for Export to Mexico**

Please note that Mexico SENASICA requires certain traceability information for each product lot of feed additives containing aquatic animal ingredients intended for animal feeding. In order for the documentation to comply with Article 89 of Mexico's Animal Health Law, the certificate should be accompanied by a manufacturer's supplemental declaration that is cross referenced by the lot numbers that are given on the certificate. For each lot, the manufacturer's declaration must provide pertinent production, packing or shipping and/or product expiry dates. The manufacturer's supplemental declaration must be signed by a legal representative of the company, giving their position within the company (acceptable examples: owner, president, quality control manager). The original and a copy of the supplemental declaration are required at the time of presentation of the product.

The following certification statements are required on a VS Form 16-4 for feed additives, complements and supplements destined to Mexico for aquatic animal feeding purposes. A notarized affidavit from the manufacturer is required to support the statements on the VS Form 16-4 issued by APHIS Veterinary Services.

This office has on file a notarized affidavit from [company name] verifying the accuracy of the following statements: *Esta oficina cuenta en su expediente con una declaración notariada de [nombre de la compañía] que verifica la exactitud de las siguientes declaraciones:*

The office has on file a notarized affidavit from (company name) verifying the accuracy of the statements below. / *Esta oficina cuenta en su expediente con una declaración notariada de (nombre de la compañía) que verifica la exactitud de las siguientes declaraciones:*
