| <a href="#">2026-APHIS-00739-F</a> | Ring, Matthew  | ASPCA | <p>All records pertaining to any animal care employee's inspection of or visit to a dog dealer or dog breeder during the month of October 2025. Please include any reports, photographs (in original format with full resolution with the inspection description), videos, and observations recorded by the animal care employee such as inspection reports, teachable moments or other documentation reflecting any visit to or inspection of the licensee. The ASPCA requests that APHIS waive any fee, including search and duplication costs. A fee waiver is appropriate where "[d]isclosure of the requested information is in the public interest ... because it is likely to contribute significantly to public understanding of the operations or activities of the government [and] is not primarily in the commercial interest of the requester....." 7 C.F.R. § 1.12(p). Here, a fee waiver should be granted as disclosure is in the public interest, as furnishing the information is likely to contribute significantly to public understanding of the operations or activities of APHIS and disclosure is not in the ASPCA's commercial interest.</p> <p>We would be happy to receive these records in electronic format if it would be convenient for you. All documents can be sent to foia@aspca.org. If you must send the records via regular mail, please make it to the attention of Jennie Lintz, ASPCA, 520 8th Avenue, 7th Floor, New York, New York 10018. Please confirm receipt of this request. If further information is necessary, please contact me at this email address. You should institute a preservation hold on information responsive to this request. | <a href="#">2026-APHIS-00808-F</a> | Sarich, Michael | FOIA University | <p>By way of introduction: I am a long-time FOIA practitioner and educator, and the founder of FOIA University (www.foiauniversity.org), a noncommercial public-education initiative focused on helping the public understand how FOIA programs operate and how transparency is supported across government. FOIA University is preparing a Sunshine Week 2026 report titled "The Cost of Transparency in America." To support that effort, I respectfully request records sufficient to show the agency's FOIA-related technology, eDiscovery, and FOIA contractor support costs for FY 2022–Present. Checklist of Requested Records: 1.FOIA Case Management &amp; Redaction Technology (COTS or Internal: Contracts, license agreements, purchase orders, or modifications (FY 2022–Present) for FOIA case management, redaction, intake, workflow, or tracking systems used. Most frequently, this will simply be a contract for a product like FOIAXpress, Feith's Workbench, or another Commercial off the Shelf (COTS) product. If home-grown/internal systems are used, please provide documentation showing development, maintenance, or hosting costs. If internal costs are not separately tracked, a high-level good faith estimate is acceptable. We are attempting to identify the total cost of operations and this information is not captured in DOJ OIP reporting.; 2. eDiscovery Tools Used by the Agency: Contracts, license agreements, or purchase orders for all eDiscovery systems. (FY 2022–Present). These are increasingly being used in FOIA programs.; 3. FOIA Support Services Contracts:Contracts providing FOIA case processing, backlog reduction, search support, or litigation support. Any FOIA training or specialized contractor support funded externally If you have additional records that would help illuminate the total cost of transparency at your organization, we'd be delighted to consider them as well. Fee Waiver Request: FOIA University, a noncommercial educational institution, respectfully requests a waiver of all processing fees for this request under FOIA's public interest fee waiver provision, 5 U.S.C. &amp;#167; 552(a)(4)(A)(iii). This statute directs agencies to waive or reduce fees when disclosure of the requested information is "likely to contribute significantly to public understanding of the operations or activities of the government" and is not primarily in the requester's commercial interest. See, for example, foia.blogs.archives.gov. The requested records will shed light on government transparency practices and will significantly benefit public understanding through FOIA University's Sunshine Week 2026 public report titled "The Cost of Transparency in America," which will be disseminated broadly to the public at no</p> | 11/18/2025 |

| <a href="#">2026-APHIS-01335-F</a> | Sayre, James        | UC Davis                 | <p>The Operational Work Plan (OWP) established between the USDA Animal and Plant Health Inspection Service (APHIS) and the Mexican Secretaría de Agricultura y Desarrollo Rural (SADER), Servicio Nacional de Sanidad, Inocuidad y Calidad Agroalimentaria (SENASICA), titled "Systems Approach for the Importation of Fresh Hass Avocado from Mexico into the United States", established rules for Mexican imports of avocados into the United States that remained relatively unchanged from the start of imports in the late 1990s until this year. The OWP stipulated, among other things, that APHIS shall "manage and supervise the surveying, harvesting, and shipping protocols through its Area Director, Preclearance and Offshore Programs (POP) for Mexico" and "supervise, jointly with DGSV and REFIAA officials, the work performed by 'Las Unidades de Inspección' or inspection units, in compliance with the current OWP," with these activities carried out in Mexico.</p> <p>I seek information on the avocado program activities carried out by APHIS staff in Mexico during the period when APHIS inspectors were stationed in country. Specifically, I request: Staffing levels: The number of APHIS inspectors stationed in Mexico for each year in which APHIS maintained in-country staff for the avocado program; Staff by duty station: For each year, the number of APHIS inspectors dedicated to the avocado program, disaggregated by in-country office location (city and state/estado); Registered orchards: For each year, the "list of registered and certified orchards for the approved States and Municipalities for inclusion as an attachment to the OWP," and, if available, an indication of the States and Municipalities where APHIS staff were physically present.
