2021-APHIS-00245-F	Brown, Ann	Center for Biological Diversity	10/13/2020	11/10/2020	<p>The Center requests from the Animal and Plant Health Inspection Service ("APHIS") Wildlife Services, Texas State Region: The records generated as part of the consultation process under the Endangered Species Act, 16 U.S.C. §§ 1531-1544 ("ESA"), Section 7, including but not limited to, biological evaluations, biological assessments, concurrences, and/or biological opinions generated in connection with the impacts of "predator damage management" by APHIS on species protected under the ESA. Please note: The associated environmental assessments under the National Environmental Policy Act, 42 U.S.C. §§ 4321-4370h ("NEPA") are publicly available, and therefore the Center does not require these. However, the remaining aforementioned consultation records are not publicly available and the Center requests these. For this request, the term "records" refers to, but is not limited to, documents, correspondence (including, but not limited to, inter and/or intra-agency correspondence as well as correspondence with entities or individuals outside the federal government), emails, letters, notes, recordings, telephone records, voicemails, telephone notes, telephone logs, text messages, chat messages, minutes, memoranda, comments, files, presentations, consultations, biological opinions, assessments, evaluations, schedules, papers published and/or unpublished, reports, studies, photographs and other images, data (including raw data, GPS or GIS data, UTM, LiDAR, etc.), maps, and/or all other responsive records, in draft or final form. Should you decide to invoke a FOIA exemption, please include sufficient information for us to assess the basis for the exemption, including any interest(s) that would be harmed by release. Please include a detailed ledger which includes: 1. Basic factual material about each withheld record, including the originator, date, length, general subject matter, and location of each item; and 2. Complete explanations and justifications for the withholding, including the specific exemption(s) under which the record (or portion thereof) was withheld and a full explanation of how each exemption applies to the withheld material. Such statements will be helpful in deciding whether to appeal an adverse determination. Your written justification may help to avoid litigation. If you determine that portions of the records requested are exempt from disclosure, we request that you segregate the exempt portions and mail the non-exempt portions of such records to my attention at the address below within the statutory time limit. 5 U.S.C. § 552(b). The Center is willing to receive records on a rolling basis.</p>

2021-APHIS-00250-F	O'Flaherty, Rachel	Lewis and Clark Law School	10/13/2020	11/10/2020	I am writing on behalf of Professor Delcianna Winders to submit a second FOIA request to the Animal and Plant Health Inspection Service (APHIS) for the following: Copies of any reports submitted to Congress on nonambulatory livestock for the time period beginning June 1, 2002, through the date this request is processed. See 7 U.S.C. § 1907(a) ("The Secretary of Agriculture shall investigate and submit to Congress a report on--(1) the scope of nonambulatory livestock; (2) the causes that render livestock nonambulatory; (3) the humane treatment of non-ambulatory livestock; and (4) the extent to which nonambulatory livestock may present handling and disposition problems for stockyards, market agencies, and dealers."). This request was originally submitted to APHIS on October 28, 2019 - see attached FOIA request no. 2020-APHIS-00472-F. On November 1, 2019, an email from Terry Henson indicated APHIS determined the records for the request reside with the Departmental FOIA Office (DFO) and referred the request to the DFO for review, processing and direct reply. The request was reassigned tracking number 2020-OSEC-00797-F. The final response to request no. 2020-OSEC-00797-F was received on April 1, 2020, and indicated no responsive records were identified, however, it was not clear that APHIS was searched - see attached. An identical request was submitted to the USDA's Research, Education, and Economics mission area on August 5, 2020. The attached final determination letter, received on September 30, 2020, stated no responsive records were found and that APHIS may have records responsive to the request. Therefore, a second submission to APHIS is being made. Because disclosure of this information will primarily benefit the general public because it will be incorporated into Professor Delcianna Winders' scholarship, teaching, and presentations regarding government oversight of animal welfare, a fee waiver is respectfully requested. Delcianna Winders is a law professor and publishes and presents widely on government oversight of animal welfare. Should you require more information to assess her fee waiver request, please let us know.
