2026-APHIS-00075-F	(b) (6)	-	<p>Good afternoon, I'm requesting information about the individual(s) who adopted my dog, (b) (6). My ex-boyfriend & I had a deal that he would use my furniture & stay in our old apartment until September 1st, 2025 (when his military orders ended) in exchange for him watching (b) (6) until I could get my own place. This agreement started in mid-July (approx. July 15th, 2025). During that time, I purchased his food & would visit/dog-sit. I had a trip planned for August, which he knew about. I left for Kauai on August 22nd & on August 29th as I was making my way to the airport in Kauai to return to the mainland, I was using social media & came across a story post by a family member of mine who was visiting Atlanta, GA. I saw my ex-boyfriend in the background which prompted me to reach out to my family member & have them ask my ex where (b) (6) was... & that's when I was told that he'd tied (b) (6) to a pole outside of the (b) (6) located at (b) (6) (b) (6) on August 20th & moved back to (b) (6) (without my knowledge). I was devastated. Between flights I was frantically searching for any information regarding where he could be. I reached out to the lost & found of National Harbor & started searching Facebook & local shelters. I found the Facebook page of the PG County Animal Shelter & found him listed a A562001. I commented on the Facebook page stating A562001 was mine & I also messaged the account (& was met with the automated message saying there was no designated social media person & to call the shelter. On Sunday I began calling because online it listed pick-up times... I was then told that they did not do pick-ups on holiday weekends (as Labor Day was Monday) & I should come into the shelter on Tuesday. I was not able to visit on Tuesday due to moving into my new residence. On Wednesday I spent my lunch break going to the PG County Animal shelter. I was told (b) (6) ad been adopted on Saturday August 30th. I did speak with (b) (6), the adoption supervisors & they told me they'd reach out to the adopters (b) (6) aid she called once & left a message with the adopter but that was the extent of their assistance & what they could do. I have made posts on Facebook that have gotten a bit of traction & I've reached out to & gotten assistance from many people including Amy Fry (Chief of Staff to Council Member Jolene Ivey). I am aware that (b) (6) was held for the allotted number of days before becoming legal property of the state & put up for adoption. I just want the opportunity to reach out to the adopters to see if they'd consider returning him to me. I've had (b) (6) since he was a puppy (2020). (b) (6) & up until the last few months we hadn't been separated for more than a few days at time (I regret not chipping him). I'm more than comfortable with offering payment /reimbursement to his adopters for the inconvenience & whatever they paid to adopt & house him. In short, I left (b) (6) with someone I thought I could trust while I was travelling. That person abandoned my dog, (b) (6), & he was picked up by animal control & taken to the PG County Animal Shelter on August 20th, 2025 (ID: (b) (6)) he was adopted out on August 30th, 2025 & I've been searching for him since August 29th, 2025, with no</p>	10/14/2025
