IV - HEALTH INFORMATION

I, the undersigned Official Veterinarian, hereby certify that the aquatic animals/corals referred above:

Have been inspected within 72 hours of loading and showed no clinical signs of disease.

Are not subject to any prohibitions due to unresolved increased mortality.

Are not intended for destruction or slaughter for the eradication of diseases.

Are transported under conditions, including a water quality, that do not alter their health status.

The transport container is clean and disinfected or previously unused.

The consignment is identified by a legible label on the exterior of the container with the relevant information referred to in this certificate, and the following statement:
Ornamental fish[1] molluscs[1] crustaceans[1] corals[1] intended for closed ornamental facilities.

The respective official health certificate must be issued in accordance with the international conventions, duly numbered, dated, signed, and stamped by the official authorities of the country of origin.
