

# CAN YOU SPOT THE SIGNS OF AFRICAN SWINE FEVER?

**High Fever**

**Decreased  
Appetite and  
Weakness**

**Red, Blotchy  
Skin or Skin  
Lesions**

**Diarrhea and  
Vomiting**

**Coughing  
and Difficulty  
Breathing**

**Abortions  
or  
Sudden Death**

If your pigs show any of these symptoms, immediately call USDA at 1-866-536-7593 for appropriate testing. Don't wait! Quick detection is essential to prevent the spread of African swine fever.
