

KNOW THE SIGNS OF AFRICAN SWINE FEVER

High Fever

**Decreased
Appetite and
Weakness**

**Red, Blotchy
Skin or Skin
Lesions**

**Diarrhea and
Vomiting**

**Coughing
and Difficulty
Breathing**

**Abortions
or
Sudden Death**

If you encounter pigs with any of these symptoms, don't wait! Immediately call USDA at **1-866-536-7593** for appropriate testing. Quick detection is essential to prevent the spread of African swine fever.
