

Guidance for Completion of
Veterinary Certificate for the Export of
Raw Animal Wool, Mohair and
Scoured Animal Wool / Mohair
From the United States of America to South Africa

The certificate must be endorsed by APHIS Veterinary Service (VS) Veterinary Medical Officer, only. The certification statements are direct attestations; therefore, must be verified by annual inspections and records audit by an APHIS VS Inspector.

The certificate has been posted on USDA letterhead, therefore, should not be transferred to the VS Area Office letterhead. However, the address of the VS Area Office endorsing the certificate should be included on the last page of the appropriate area. Prior to endorsement, the certificate must be transferred to VS security paper.

NOTE: No edits / alterations/ changes can be made to the certificate without Animal Product Import & Export (APIE) review and authorization. ¹

¹ Certificate should be processed in accordance with Veterinary Services Memorandum No. 594.1, Export Certification of Animal Product.
