2022-APHIS-05723-F	LOOTANS, PAULETTE	-	<p>BELOW IS WHAT I SUBMITTED & WANTED TO KNOW IF ANYTHING IS BEING DONE ABOUT THE FACILITY THAT WOULD NOT HELP ME WITH MY SICK DOG I brought my dog to WVRC ER 1123 58TH Ave., Somers, Wi 53144 262-553-9223, for help with my Yorkie-Poo Mink. It was Monday 9/26/22 at about 12:45am. As I had told them she now at this point in time had been very sick for over 24hrs. Apparently something was blocking her throat or stuck in her stomach. She would only drink water. Then after doing so a few mins later, she would throw it back up. She was having a hard time breathing, her belly was quivering all over, & she was so weak she could hardly stand up. At this time when I brought her into the ER she was the only dog there. Someone, I assume the vet came & took her from me right away. Then about 20mins. later a couple brought another dog in. After I had been sitting there for an hour, I see the couple paying for their service & leave. So, I ask the girl who was checking them out what is going on w/my dog. She asked her name, goes & checks. Then she came back out & said Your dog is not dying & that they take care of the ones first who are I ask her how do you know if she is not if you haven't done anything for her? She claimed they did an ultra sound. I asked so what did it show. She said the vet would have to tell me & he was busy stabilizing the other dog. She then again said & insisted that my dog was NOT dying & that it would be at least another 45min. In fact, she was very smart mouth, not compassionate at all about it. I do not know her name, just that she had blonde hair. She could tell me my dog was not dying vet could not tell me</p>	9/30/2022
