### Certification Statements:

1. The animal(s) has been examined and found to be healthy and free from any clinical signs of rabies and infectious or contagious diseases, at the time of examination and certification, prior to export.

2. No cases of rabies have been reported to have occurred in the establishment / premises of origin for at least twelve (12) months prior to export.

3. The animal(s) are either current on rabies vaccinations at the time of export to Tanzania, or for animal(s) under three (3) months of age, their dams were current on rabies vaccinations at the time of their birth.

4. All dogs for export in this shipment have been vaccinated against canine distemper, canine parvovirus, canine infectious hepatitis (canine adenovirus) and leptospirosis, more than one month prior to export and all vaccines will still valid at the time of export.

5. All cats for export in this shipment have been vaccinated against tri-cat (panleukopenia virus, feline herpesvirus-1, and feline calicivirus).

This certificate is valid for 30 days after issuance.
