Health Certificate No. \_\_\_\_\_  
Valid only if the USDA Veterinary  
Seal Appears Over the Certificate No.

VETERINARY CERTIFICATE FOR MILK AND MILK PRODUCTS EXPORTED TO  
TURKEY FROM THE UNITED STATES

- I. Name and address of the exporter
  
- II. Product (quantity, unit of measure, and kind)
  
- III. Identification of shipment / Conveyance
  
- IV. Name and address of the consignee

This is to certify that:

Products come from a facility officially authorized to process milk and milk products by the competent authority in the United States. The raw materials and pasteurized milk derivatives used to produce their product are from clinically healthy animals, free from signs of any disease transmissible by pasteurized milk products. The products were produced and packaged under the US system of rules and regulations for dairy products.

The United States is free of foot-and-mouth disease (and has been for greater than 24 months).

The certified products are free for sale for human consumption in the United States.

Done at \_\_\_\_\_, on \_\_\_\_\_  
(APHIS office) (Date)

\_\_\_\_\_  
(Signature of official veterinarian) (Name in capital letters, qualification and title)
