

## **Nutraceuticals for Pets**

The United Kingdom (UK) does not consider nutraceuticals for pets to fall under the scope of Regulation (EU) 142/2011.

To import nutraceuticals for pets, the UK importer must obtain an import license from UK import authorities. For contact information for UK import authorities, please go back to the previous page and select “[Contact information](#) for UK government (for questions from UK importers)”.
