# USAccess Acceptable Forms of Identification Guide

## 1.0 Overview

All USAccess PIV card applicants are required to provide identification at the time of Enrollment. This guidance is provided to clarify the Identity Proofing requirements for USAccess PIV cards.

## 2.0 Identity Document Requirements

**Applicants are required to provide two forms of identification.**

During the identity proofing phase of the USAccess credentialing process, applicants are required to provide two forms of identity source documents in their original form. These documents must be brought to Enrollment appointments. All identity source documents shall be bound to that applicant and shall be **neither expired nor canceled**.

The current list of acceptable primary and secondary source documents is listed in the Primary and Secondary identification tables below. **At a minimum one of the identity source documents must be from the Primary list.**

### 2.1 Approved Identity Source Documents

The following primary and secondary Identity Source documents are approved for use by USAccess.

### 2.2 General Rules for Acceptance

The following rules apply to all presented identity source documents:

- All documents must be in their original forms - no photocopies other than a certified copy of birth certificate bearing an official seal.
- Expired or canceled identity documents are not acceptable.
  - All Primary forms of ID contain an expiration date; however some Secondary forms of ID do not. Not having an expiration date does not make a Secondary ID Source unacceptable. Secondary forms of ID without an expiration date can be accepted.
- Updating or replacing identity source documents is not required after successfully completing the identity proofing process.

## 2.3 Examples of Acceptable Identity Source Documents

The USAccess Help Desk often receives questions regarding acceptable forms of ID. Some of the more frequently asked about forms of identification that are **ACCEPTABLE** are listed below:

- PIV Card – Acceptable *Primary* form of ID
- Agency ID Badge – Acceptable *Secondary* form of ID
  - Must be issued by federal, state, or local government agency or entity
  - Must contain a photographNote that an Agency ID badge differs from a Facility Badge, which is not acceptable, in that an Agency ID badge is an Agency-wide identity card issued by the Agency itself, rather than a badge used specifically for accessing a facility
- TSA Transportation Worker Identification Credential (TWIC) – Acceptable *Secondary* form of ID
- DHS Trusted Traveler Cards – Acceptable *Secondary* form of ID. This includes:
  - Global Entry cards
  - SENTRI cards
  - NEXUS cards
  - FAST cards

## 2.4 Examples of Identity Source Documents Not Accepted

Identity proofing documents **NOT ACCEPTED** by USAccess include, but are not limited to:

- Student ID Cards (including public/state universities, as well as private universities)
- Gun or Firearms permits
- License to Carry
- Hunting/Fishing permits
- Facility Badge
- Temporary driver's licenses
- Selective service card
- Company ID Card
- Foreign Driver's License (other than Canada)
- Library Card
- Temporary PIV Card
- Marriage license

Note that Marriage license is an acceptable linking document, but not an acceptable Primary or Secondary form of identification

## 2.5 Primary and Secondary Combination Examples

The following examples of source identification documentation are representative of acceptable combinations of Primary and/or Secondary source documents that can be used to successfully validate an applicant's identity:

### **Acceptable Combination 1:**

- a. Virginia State Driver's license (Primary)
- b. US Social Security Card (Secondary)

### **Acceptable Combination 2:**

- a. US Passport (Primary)
- b. Maryland State Driver's license (Primary)

### **Acceptable Combination 3:**

- a. US Military ID Card (Primary)
- b. Department of State ID Card (Secondary)

The following examples of source identification documentation are representative of unacceptable combinations of Primary and/or Secondary source documents that CANNOT be used to successfully validate an applicant's identity:

### **Unacceptable Combination 1:**

- a. US Social Security Card (Secondary)
- b. Voter's registration card (Secondary)

Reason: At least one form of identification must be Primary

### **Unacceptable Combination 2:**

- a. Virginia State Driver's license (Primary #5)
- b. Virginia State ID card (Primary #5)

Reason: While on their own, these are both valid Primary forms of ID, the language in the Primary forms of ID table above states the applicant should present "Driver's license *or* an ID card issued by a state." One may be accepted, but not both, as these are essentially the same form of ID.

### 3.0 Linking Documents

If any of the identity source documents presented for identity proofing bear different names then **evidence of a formal name change must be provided linking the names.** More information on linking documents is provided below.

#### 3.1 Requirements for Identity Source Linking Documents

Identity source documents with different names can only be accepted when an official linking document is presented.

All linking documents must include both the former and current legal names. All linking documents must be valid and not expired.

**Example:** A married woman may use both a current driver's license with her married name, and her birth certificate with her maiden name, as primary and secondary sources of identification as long as they are accompanied by an approved linking document. For this example an approved linking document would be a marriage license – original or certified copy - with both her maiden name and married name on it.

#### 3.2 Approved Linking Documents

The following are approved linking documents:

- Marriage Certificate
- Court record linking the two names

USAccess requires that linking document be scanned into the *Document 3* window located on the USAccess Enrolment page.
