

Table of Contents

Introduction.....	1
A. Purpose.....	1
B. CSF description.....	1
C. Surveillance Plan Overview.....	3
1) Swine Highly Suspicious for CSF.....	3
2) Sick pigs submitted to a veterinary diagnostic laboratory.....	4
3) Pigs condemned at slaughter by FSIS.....	5
4) Feral swine taken by WS.....	5
5) Swine from waste-feeding operations.....	6
Detailed sampling procedures.....	7
A. Tools needed.....	7
B. Steps in collecting specimens.....	8
Removing tonsils (dead pigs).....	8
Tonsillar scraping (sick pigs).....	11
Nasal swab (sick and dead pigs).....	11
Proper labeling of samples.....	12
Submitting specimens to a NAHLN laboratory.....	13
A. Packing and shipping.....	13
B. Designated NAHLN Laboratory.....	15
C. Proper communication of submitting specimens.....	15
Submitting serum specimens to FADDL.....	16
Discretion of Diagnostician.....	16
2007 CSF Surveillance Activities by State.....	17
Appendices	
Appendix A: CSF Case Definition.....	A1
Appendix B: CSF Surveillance Plan.....	B1
Appendix C: Directory.....	C1
Appendix D: Forms and Submission Instructions.....	D1
Paper forms, instructions and designated laboratory addresses:	
For Veterinary Diagnostic Laboratories.....	D1
For Slaughter Establishments.....	D8
For Wildlife Services.....	D16
For Waste-Feeding Operations.....	D19
Contacting and Shipping to FADDL.....	D22
Web-Form Data Entry – Quick Reference Guide.....	D23
Appendix E: State-level Surveillance Plan.....	E1
Surveillance testing at each NAHLN Laboratory.....	E1
Surveillance testing by state of sample collections.....	E6
Surveillance testing by WS.....	E12
Appendix F: CSF Response Plan.....	F1
Appendix G: FAD Investigations.....	G1
Veterinary Services Memorandum 580.4.....	G1
