	<b>STATE LAND</b>	<b>1,070,259</b>	<b>6.026%</b>
	<b><i>Property Grand Total</i></b>	<b>17,761,500</b>	

---

*\* Acreages are total area within the bounds of property where WS worked. Work areas within those properties are normally smaller than the total acres of the property.*

*<sup>+</sup> Total % expresses what % each Property Type represents of the entire Property Grand Total. These may not total 100% because percentages are only carried three decimal places. Entries such as 0.000% mean that percent of acreage is too small to be represented by three decimal places.*
