<sup>^</sup>About Capture/Restraint Method: This column reports the method or tool used to capture or restrain the animals addressed. This MAY NOT have been the method or tool used to kill or euthanize the animal captured.

\*Animals taken which are actually a targeted species on a specific project but were unintentionally taken by the method or tool used. Animal take is reported this way when WS applies a specific method or tool to take a certain species, but another species is inadvertently captured or killed.
