

**Table F. Wildlife Disease Sampling Conducted by  
Wildlife Services in Kansas - FY 2014**

| <b>Disease/Condition</b>            | <b>Species Sampled</b>   | <b># of Samples</b> |
|-------------------------------------|--|---------------------|
| <b>Avian Influenza</b>              |  |                     |
|                                     | Ducks, Mallards  | 1                   |
|                                     | Ducks, Teal, Blue-Winged                                       | 41                  |
|                                     | Geese, Canada  | 27                  |
|                                     | Pigeons, Feral (Rock)  | 11                  |
|                                     | <b>Subtotal of # of Samples for Avian Influenza</b>            | <b>80</b>           |
| <b>Avian Paramyxovirus</b>          |  |                     |
|                                     | Ducks, Mallards  | 1                   |
|                                     | Ducks, Teal, Blue-Winged                                       | 41                  |
|                                     | Geese, Canada  | 27                  |
|                                     | Pigeons, Feral (Rock)  | 11                  |
|                                     | <b>Subtotal of # of Samples for Avian Paramyxovirus</b>        | <b>80</b>           |
| <b>Classical Swine Fever</b>        |  |                     |
|                                     | Swine, Feral   | 84                  |
|                                     | <b>Subtotal of # of Samples for Classical Swine Fever</b>      | <b>84</b>           |
| <b>Leptospirosis</b>                |  |                     |
|                                     | Coyotes  | 17                  |
|                                     | Raccoons   | 8                   |
|                                     | <b>Subtotal of # of Samples for Leptospirosis</b>              | <b>25</b>           |
| <b>Porcine Reprod/Resp Syndrome</b> |  |                     |
|                                     | Swine, Feral   | 15                  |
|                                     | <b>Subtotal of # of Samples for Porcine Reprod/Resp Syndro</b> | <b>15</b>           |
| <b>Pseudorabies</b>                 |  |                     |
|                                     | Swine, Feral   | 84                  |
|                                     | <b>Subtotal of # of Samples for Pseudorabies</b>               | <b>84</b>           |
| <b>Swine Brucellosis</b>            |  |                     |
|                                     | Swine, Feral   | 84                  |
|                                     | <b>Subtotal of # of Samples for Swine Brucellosis</b>          | <b>84</b>           |
| <b>Swine Influenza</b>              |  |                     |
|                                     | Swine, Feral   | 84                  |
|                                     | <b>Subtotal of # of Samples for Swine Influenza</b>            | <b>84</b>           |
| <b>Toxoplasmosis</b>                |  |                     |
|                                     | Swine, Feral   | 78                  |

*Entries of "bird, unidentifiable" or "non-wildlife" usually refer to samples of matter, such as fecal material, found in the environment. "Bird, unidentifiable" is a name assigned to material when WS wants to know it is associated with birds.*

| <i>Disease/Condition</i> | <i>Species Sampled</i>                                    | <i># of Samples</i> |
|--------------------------|---|---------------------|
| <b>Toxoplasmosis</b>     |   |                     |
|                          | <i>Subtotal of # of Samples for Toxoplasmosis</i>         | <b>78</b>           |
|                          | <i>Grand Total of Samples For All Diseases/Conditions</i> | <b>614</b>          |
|                          | <i>Total # Diseases/Conditions Sampled In KS</i>          | <b>9</b>            |
