

**Table G. Animals Taken by Component/Method Type and Fate by Wildlife Services in the District of Columbia - FY 2014**

| <i>Capture / Restraint Method ^</i> | <i>Intentional / Unintentional</i> | <i>Species</i>                   | <i>Killed / Euthanized</i> | <i>Removed / Destroyed</i> | <i>Freed / Released / Relocated</i> | <i>Dispersed</i> |
|-------------------------------------|------------------------------------|----------------------------------|----------------------------|----------------------------|-------------------------------------|------------------|
| <b>Firearms</b>                     | <b>Intentional</b>                 | <b>Deer, White-Tailed (Wild)</b> | <b>214</b>                 |                            |                                     |                  |
| <b>Traps, Drive/Corral</b>          | <b>Intentional</b>                 | <b>Geese, Canada</b>             | <b>99</b>                  |                            |                                     |                  |
|                                     |                                    | <i>Total Take for DC</i>         | <b>313</b>                 |                            |                                     |                  |

*^About Capture/Restraint Method: This column reports the primary method or tool used to capture, restrain, or identify/target the animals addressed. This MAY NOT have been the method or tool used to kill, euthanize, or free/relocate, the animal captured. When animals are captured and/or restrained, WS employees use methods or tools to euthanize, and approved handling and transport are used to free or relocate.*
