Export Live Animals to Kuwait

Last Modified:

Electronic Signature **ACCEPTED**; Original Ink Endorsement **REQUIRED**

For Accredited Veterinarians: Electronic signature **ACCEPTED**

For APHIS VMO: Original ink endorsement **REQUIRED**

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

USDA must ink-sign and emboss the health certificate.

What This Means for You

Accredited Veterinarians: Use the links below to access or get help with VEHCS. Learn more about [how to issue export health certificates](#).

Animal Owners/Shippers: You can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during certificate submission). The endorsed health certificate—ink-signed and embossed—must accompany the animal(s) during shipment or travel.

Summary of Requirements

[Expand All](#)

Equine

Note: For horses, an import permit is required from the Kuwait Animal Health Department, Public Authority for Agriculture Affairs and Fish Resources and the import permit number should be written on the veterinary health certificate.

Note: Only stallions need EVA testing. All horses must be identified by a microchip and the microchip number should be written on the veterinary health certificate.

Sheep and Goats

- [Sheep and Goats - Breeding - Health Certificate](#) (250.53 KB) - December 2019
- [Sheep and Goats - Slaughter- Health Certificate](#) (198.48 KB) - May 2024

Poultry

Note: For export of U.S. origin live birds, live poultry, hatching eggs, and day-old chicks to Kuwait, exporters should verify with the importer/importing officials that these commodities will be allowed entry into Kuwait prior to shipping.

For export of live birds, live poultry, hatching eggs, and day-old chicks from anywhere else in the United States to Kuwait: Exporters should verify with the importer/importing officials that these commodities will be allowed entry into Kuwait prior to shipping.

Birds (non-Poultry)

Note: Effective **October 8, 2018**, Kuwait has placed a temporary ban on the import of all kinds of live birds and poultry, hatching eggs, and day-old chicks from the State of California.

For export of live birds, live poultry, hatching eggs, and day-old chicks from anywhere else in the United States to Kuwait: Exporters should verify with the importer/importing officials that these commodities will be allowed entry into Kuwait prior to shipping.

Taking a Pet to Another Country?

[Visit Pet Travel](#)

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

Need Help?
