Proficiency Testing

All proficiency tests for the NAHLN are administered through the National Veterinary Services Laboratories' (NVSL) reference laboratories.

[View the current list of proficiency test panels available from NVSL](#)

NAHLN Testing Requirements for Commercially Available Products

Information for commercial manufacturers of reagents and testing platforms on minimum validation requirements for acceptance into the NAHLN. Additional approvals by the [NVSL](#), VS' [Center for Epidemiology and Animal Health](#), and the appropriate commodity program may be required prior to deployment of new test methods to NAHLN laboratories.

For questions regarding this process, contact the NAHLN Program Office at nahln@usda.gov. For information on test panel availability, contact nvsl.info@usda.gov.
