2021 Spending Plans for the Tribal Nations Wild Cervid Chronic Wasting Opportunities 2021 Cooperative Agreements

USDA APHIS WS is awarding \$300,000 through Cooperative Agreements to seven Federally recognized Native American Tribal governments to combat CWD on Tribal lands across ten different states. These projects will allow recipients to further develop and implement CWD management, response, and research activities in wild cervids, including surveillance and testing. Funded projects are listed below.
